

# WIDER THAN THE OCEAN

© Myles Bing 2000

Wider than the ocean, deeper than the sea  
Is the God of Heaven and His love for me  
I love Him, but He first loved me  
And that is why my heart is free  
Wider than the ocean  
Is His love for me

Longer than a life time  
Higher than the sky  
Is my God's love for me  
And let me tell you why  
He died and then He rose again  
And now I'm living free from sin  
Longer than a lifetime, is His love for me

Higher, wider, deeper, longer  
Is His great love  
High, wide, deep, long is His love for me!
