

GREAT BIG GOD

© Myles Bing 2001

He's a great big God

Greater than me

He's a great big God, greater than you

He's a great big God

Greater than anybody

He's a great God, greater than me

He's a great God, greater than you

He's a great God, greater than anybody

He's a great, great, great

He's a great big God!

... and now I'll never have to fear

... knowing He is always near

... greater than anything
