^C
Noah and his ark
^F
Had a dog that couldn't bark
^G
A cat that couldn't swim
^C ^G
And it stank so bad within
^C ^{C7}
But he did it to obey
^F
When the world was washed away
^G
Noah and his sons
^C
Were the obedient ones

^F ^C
Oh, Noah, oh Noah
^G ^C ^{C7}
The rains going to wash the world away
^F ^C
Oh Noah, oh Noah
^G ^C ^G
The rains going to wash the world away

^C
Now here was quite some plan
^F
Never seen by any man
^G
'Cause the architect was God
^C ^G
Though the people thought it odd
^C ^{C7}
See, the boat was pretty large
^F
Couldn't fit in the garage
^G
Noah's dry dock
^C
Had become the laughing stock!

What the neighbours must have thought
When they saw the stuff he'd brought
To load onto his ship
This was not the average trip
'Cause from every corner came
Every animal, every name
Walking two by two
Into Noah's floating zoo

It rained for forty days
And it rained for forty nights
Noah's ark rode on the waves
Without a scrap of land in sight
When at last the rain had stopped
And the water level dropped
Noah and his crew
Were tired of picking up the ...

When the sun dried out the land
As I'm sure you'll understand
Noah's family must have
Leaped so joyfully
And as they opened up the door
Something they'd never seen before
